

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is illegal. Sinclair uses the public airwaves owned by 'We the People of the United States of America' free of charge, and is obligated by law to serve the public interest. This is not 'news' - this is propaganda. If the FCC does not ban this blatant and illegal use of public airwaves then it is apparent that it is being dictated to by biased political entities.
